

DELEGATE BIOGRAPHY

BENELUX – Delegate Biography

First Name	Henne	
Last Name	van Heeren	
Title/Position	CEO	
Affiliation	enablingMNT Netherlands	
Email	Henne@enablingMNT.com	

Henne van Heeren studied chemical technology at the Technical Highschool Dordrecht and chemistry at the University of Utrecht. He worked at the University Delft as a material scientist, and at Philips Electronics and OnStream as production and business development manager. Currently Henne is working as a consultant and market researcher within the enablingMNT group. He specializes in the supply chain for Micro- and Nanotechnology and microfluidics and acts as an advisor to start up and other companies in the area of industrialization and commercialisation of micro and nanotechnology based products. Henne has published over 70 articles and reviews about MST/MEMS/microfluidics. In 2013 Henne brought together several parties in a project to create guidelines and standards for microfluidics.
