

## DELEGATE BIOGRAPHY

### Germany - Delegate Biography

<b>First Name</b>	Jürgen	
<b>Last Name</b>	Berger	
<b>Title/Position</b>	Head of Department Electronics and Microsystems	
<b>Affiliation</b>	VDI/VDE Innovation+Technik GmbH	
<b>Email</b>	juergen.berger@vdivde-it.de	

Having received his diploma in physics from the Humboldt University Berlin in 1982, Juergen Berger joined the fiberoptic division of the former VEB Werk für Fernsehelektronik in Berlin and worked as a development engineer and group leader in the field of semiconductor lasers for fiber optic communication systems. Since 1990, Juergen Berger has been holding various positions with VDI/VDE-IT and has been working as Head of Department Electronics and Microsystems since 2012. For more than twenty years, he has been involved in the development and implementation of national funding schemes for electronics and microsystems technologies in Germany.

VDI/VDE-IT is a leading service provider in the field of innovation and technology for customers in Germany and all over the world. We analyse, support and organise innovation and technology for clients with political, research, industry and finance backgrounds. For the Federal Government, the Federal German states and the European Union, VDI/VDE-IT designs and manages technology-oriented funding programmes.
