Curriculum Vitae- Roger H. Grace

Roger H. Grace is president of Roger Grace Associates, a Naples Florida -based strategic marketing consulting firm specializing in high technology, which he founded in 1982. His background includes over 40 years in high frequency analog design engineering, application engineering, project management, product marketing, and technology consulting. His clients include the international “Who’s Who” of corporations, federal laboratories and government agencies.

Mr. Grace has specialized in sensors and integrated circuits for over 30 years with a focus on microelectromechanical systems (MEMS) and is considered a pioneer in this field. He has authored over 60 technical papers; organized, chaired, and spoken at over 30 international technical sessions and is frequently quoted as an industry expert in major international technical and business publications.

He was a co-founder and served as the president of the Micro and Nanotechnology Commercialization Education Foundation (MANCEF) from 2002 to 2004. Mr. Grace has been or is currently a member of the editorial advisory boards of Chip Scale Review, Sensor Magazin (Germany), NASA NanoTech Briefs, Sensors Magazine, R&D Magazine Micro/Nano Newsletter, ECN , Commercial MicroManufacturing (UK), and Small Times and has authored over 40 articles on MEMS and sensors for these and other technical publications. He serves on the advisory boards of Northeastern University's School of Engineering, National Council, and Nanomanufacturing Research Institute as well as on the Strategic Advisory Board of the University of Michigan’s Wireless Integrated Microsystems and Sensors Center (WIMSS). Mr. Grace has served on the Board of Directors of the Florida Manufacturing Extension Partnership since 2008.

He was selected as a recipient of the Outstanding Engineering Alumni of the Year in 2004 by Northeastern University. Mr. Grace held the position of visiting lecturer at the University of California at Berkeley College of Engineering from 1990 to 2003. His educational background includes a B.S.E.E. and M.S.E.E. (as a Raytheon Company fellow) from Northeastern University, and the MBA program at Haas Graduate School of Business at U.C. Berkeley.
